Preparation tips:

- Make sure **you are in a quiet place** where nothing can distract you, and that **you are not driving a car** or any other vehicle during the time of energy clearing.

- **Stretch you muscles** before we start. Stretching loosens the muscles and tendons allowing you to sit (or lie) more comfortably. Additionally, stretching starts the process of “going inward” and brings added focus to the body.

- **Take a deep breath.** Breathing deep slows the heart rate and relaxes the muscles to help you have a comfortable experience during the energy clearing.

- **You can prepare candles and other spiritual paraphernalia** in the room where you will meditate to help you feel at ease.
